

GP Average Earnings

All GP practices are required to publish on their practice website the mean earnings (i.e. average pay) for GPs working to deliver NHS services to patients at each practice.

The average pay for GPs working in Pembroke Surgery in the last financial year 2014/15 was £49,483, before tax and national insurance.

This is for 1 full time GP, and 1 locum GP who worked in the practice for more than six months.
